

## **A new writer lets the love mac!**

Well I am fresh off of seeing the Pet Shop Boys at House of Blues as happy as can be! We have a new writer here at [jaxlore.com](http://jaxlore.com) and are excited to have him. Justin Sherman is a fellow Ego Killer, DJ and coinsure of all styles of electronic dance music. His dedication will bring more fresh news and reviews to [jaxlore](http://jaxlore.com)!

Speaking of fresh news our BPITCH friends have a new FUCKPONY album coming out on 10.26. *Let the love flow* is house head Jay Haze's ode to raver love, download "A Pills Medley" [here](#).

We've also got mix by host of Radio One's "The Mash Up" Annie Mac. [S](#)he's going to be rocking her signature sound across the US check out Y.M.A.C. Disco Mix [here](#).
