

Einstein A-Go-Go playlist project

https://www.youtube.com/playlist?list=PLALkmiPU_mkV8QCHozNdf5yXaeMQfPYxS

The Einstein A-Go-Go reunion really had me inspired from all the tracks everyone posted, so I took all of the videos and put them into one playlist. This is to be a growing list because I am sure there were more songs that were missed. So please post in the comments videos you would like to see added and I will do my best to keep the playlist updated. ***It appears that you have to load the list in youtube to get all 300 songs in the playlist here is the direct [link](#) ***
