

Remix Hotel

Ok if your into making electronic dance music then you have to know about Remix magazine. Now the folks at Remix have been throwing this roving "Hotel" that brings together all the music technology and all the artists doing demonstrations, seminars, etc for three days. Well this year in Miami they have out done themselves, they have partenered with Beatport, M-Audio, Apple, Microsoft and thats just to name a few. In addition to the the cool gear they have set up there own poolside sessions at the National hotel with Booka Shade, Troy Pierce, Satoshi Tomiie, Boom Boom Satieties, DJ Hell, Kaskade and the list goes on. It's quite obscene actually. This year at WMC is just going to be insane hand down for more info on the Remix hotel check out <http://remixhotel.com/miami/>
