

It's Not Over Yet

I'm sorry but Kimball and Dave, PLUS Chris Fortier AND a live performance by Sam Mollison? **AND** the fact they're only playing jams from '88 to '98? That equals up to some shit you can't miss. I'm posting a link to the tickets right [here](#) right now and a link to the Aahz Army page on [Soundcloud](#) with Kimball's brand new old-skool mixes to keep you going to next weekend. NO EXCUSES!
