Lotta stuff going on, let's not waste time:

[Electric Sun Fest](#) runs Friday, August 31st through Saturday, September 1st at Morocco Shrine Auditorium. Phase II to be announced soon but Phase I lineup includes Tiesto, John Dahlback, Mark Knight, Cedric Gervais and check this flyer on [the ticket page](#)...is that John Digweed's name I see? \$55-\$119 10:00-01:00 3800 St. Johns Bluff Rd S, Southside

The LCD Soundsystem tour doc '[Shut Up And Play The Hits](#)' is coming to [Sun Ray Cinema](#) on Wednesday, July 18th and apparently other local theaters as well, so check your [listings](#). In total contrast to Dr. Strangelove's love for all things LCD, I am sick of seeing James Murphy as an EDM darling in fluff pieces by mainstream music journalists who don't know shit about dance music. The latest offense being [last Sunday's New York Times](#). They more than got their 15 minutes. That said, I'm sure I'll be rolling my eyes at a local screening. 1028 Park St, Riverside 904 359 0047
