

Rebel Yelle

True blue electro-pop sensations [Yelle](#) are coming all the way from France to show off their talent this Sunday night at [Jackrabbits](#). Yelle got their start on the respected Source imprint in '06 with 'Je Veux Te Voir', a track that got *it's* start on MySpace. They went on to do a few big records for Kitsune ('A Cause Des Garcons' is a killer) and even one with Katy Perry. Now they've found a home on major label V2 with their latest LP 'Safari Disco Club'. Tickets are \$18 online by following this [link](#) but you can avoid the extra \$3.12 service fee and buy 'em at the venue tomorrow after 7. 1528 Hendricks Ave 904 398 7496
